\$235M+ PIPE

The first publicly-traded company focused on the Avalanche blockchain ecosystem

Notable PIPE Investors

Transaction Overview

- AgriFORCE Growing Systems Ltd. (Nasdaq: AGRI) announced the successful closing of its previously announced PIPE Financing as it becomes the first publicly-traded company focused on the Avalanche blockchain ecosystem
- Originally announced on September 22, 2025, this transaction marks a significant milestone in the company's transformation into an institutional-grade vehicle providing investors with direct exposure to the rapidly evolving architecture of global financial markets through Avalanche, a high-performance blockchain utilized by leading financial institutions worldwide
- AGRI shareholders voted overwhelmingly in favor of the transaction at the Annual Meeting held on October 27, approving the private investment in public equity (PIPE), led by Hivemind Capital

Avalanche-At-A-Glance

Robust Web3 Solutions

Empowers partners to build **fully customizable, interoperable** Web3 ecosystems with complete ownership of their blockchain infrastructure

Superior Versatility

Sub-second time-to-finality compared to Ethereum's 6 – 12 minutes and **compatibility with Ethereum smart contracts** and developer tools

Size & Scalability

Currently secured by **1,300 full validators, 1,000+ live decentralized applications (dApps)** with many more in the pipeline

Clean and Sustainable

The blockchain uses just 8.2% of Ethereum's energy and 0.00034% of Bitcoin's, making it **highly efficient** and **sustainable**

Institutional Backing

Backed by **blue-chip investors** including Andreessen Horowitz, Polychain Capital, Hivemind Capital, and Initialized Capital

AVAX One Overview

- Following the closing of the transaction, the Company will change its name to AVAX One and associated ticker symbol to better reflect its new strategic focus on the Avalanche ecosystem
- Avalanche is a high-speed, institutional-grade blockchain designed as a foundational digital settlement layer for the future of finance. Its technology enables global leaders like KKR, Apollo and J.P. Morgan Chase to launch their compliant, customizable blockchains for tokenizing real-world assets. The network is secured by more than \$6.9 billion in staked assets
- The Company's primary strategy will be to maximize AVAX per-share accretion for its shareholders through a disciplined, professionally managed approach to execute its digital asset treasury
- As part of its digital asset treasury strategy, the Company aims to build a significant position in AVAX tokens through a combination of its approved PIPE financing and additional near-term capital initiatives, including an at-the-market (ATM) program, and other potential institutional-grade debt or equity offerings
- Led by a team of veterans from institutional finance and public company backgrounds and advised by leaders from across the digital asset industry, AVAX One is being built to be a premier, regulated gateway for public market investors to participate in the growth of the onchain economy

Transaction Overview

- TLGY Acquisition Corp. (OTC: TLGYF) and StablecoinX Assets Inc. ("SC Assets") previously announced entry into a definitive agreement for a business combination and initial \$360M PIPE on July 21, 2025
- On September 5, 2025, TLGY and SC Assets announced the signing of an additional \$530M in private placement, bringing the total committed PIPE to \$890M
- The additional PIPE was priced at \$10 per share, as in the initial PIPE
- A portion of the net cash proceeds are expected to be used to acquire discounted locked ENA from a subsidiary of the Ethena Foundation as part of a multi-year collaboration agreement between TLGY and the Ethena Foundation
- As with the initial PIPE raise, an Ethena Foundation subsidiary intends to use all of the cash proceeds from the locked ENA token sale to purchase ENA across public markets
- Ethena Foundation to immediately initiate follow-on \$310M token buyback program, bringing total announced buybacks to \$570M
- The transaction is expected to close in Q4 2025, subject to shareholder approval and other customary closing conditions

StablecoinX Overview

- SC Assets is a newly-formed validator and infrastructure business expected to operate infrastructure and staking services, running validators and related technical services for the Ethena protocol
- The combined company will be named StablecoinX Inc. ("StablecoinX") and is expected to trade on the Nasdaq Capital Market under the ticker symbol "USDE" at closing
- After the closing, StablecoinX is expected to adopt a multi-year treasury strategy to build a reserve of ENA, the Ethena protocol's native token
- StablecoinX will be the first pure-play treasury company in the Ethena stablecoin vertical and is expected to hold over 3 billion ENA tokens at closing of the transaction
- SC Assets has also formed a Strategic Advisory Board to provide high-level, non-governing strategic counsel as the company executes its multi-year ENA treasury strategy and scales validator and infrastructure services in support of the Ethena ecosystem
- Rob Hadick, General Partner at Dragonfly, will serve as Chairman of the Advisory Board to complement and support management team and board of directors
- Additional members are expected to be announced prior to the closing of the transaction

Transaction Overview

Transaction Overview

- Verb Technology Company (NASDAQ: VERB) successfully closed the upsized and oversubscribed \$558 million private placement to launch first publicly listed TON treasury strategy company
- The PIPE transaction, which priced approximately 58.7 million shares of common stock, included participation from over 110 institutional and crypto-native investors, led by Kingsway and anchored by Vy Capital, Blockchain.com, Ribbit Capital, and Graticule (GAMA)
- The Company plans to immediately begin using the majority of the net proceeds from the PIPE transaction to acquire \$TON, which will serve as its primary treasury reserve asset
- The strategy is expected to generate sustainable staking rewards to initiate, manage, and grow the Company's \$TON exposure in a cash flow positive manner
- The Company intends to rebrand as TON Strategy Co. to reflect its new direction

TON Strategy Co's Value Creation

Toncoin, VERB, Kingsway & TON Strategy Co Overview

Toncoin is the native cryptocurrency of The Open Network Blockchain, which has an exclusive partnership with Telegram, the world's second largest messenger with over one billion monthly active users.

Earlier in 2025, Telegram and the TON Foundation announced that TON would become the exclusive blockchain powering Telegram's ecosystem. Unlike other social applications, Telegram users can use \$TON within the messenger without leaving the interface. Earlier in Q3 2025, TON Wallet, a self-custodial wallet built into Telegram's interface, went live to its 87 million U.S. users.

TON Strategy Co:

- Upon close of the transaction, the Company will be led by a deeply experienced team driving its digital asset strategy:
 - Executive Chairman Manuel Stotz, Founder & CEO of Kingsway Capital and President of the TON Foundation
 - Chief Executive Officer Veronika Kapustina, a former Senior Advisor to the TON Foundation and former Morgan Stanley banker
 - Chief Financial Officer Sarah Olsen, Co-founder of Europa Partners and former Head of Corporate Development for Onyx by JP Morgan
 - Special Advisor Peter Smith, CEO & Co-Founder of Blockchain.com

Kingsway Capital:

- A London-headquartered, FCA-regulated investment manager, with several billion USD in assets under management, and with over a decade-long history of investing across emerging markets, as well as a >5-year track record as an institutional investor in the growing global digital assets ecosystem
- Kingsway has also been an early and active investor in high quality consumer, consumer internet, fintech, payments and gaming companies

VERB Technology Company, Inc:

- A leader in interactive video sales tech, offering SaaS tools like shoppable video and CRM, and operating MARKET.live — a livestream social shopping platform merging ecommerce and entertainment

ARKON
ENERGY

Acquisition of
200MW Data Center

Price Undisclosed

Sole M&A Advisor

Arkon Energy Overview

- Arkon is a global data center infrastructure company that buys, builds, and operates world-class, sustainably powered data centers
- Arkon's business and portfolio are institutional grade, diversified across stable jurisdictions with strong revenues and exceptional growth, underpinned by reliable low-cost renewable power, and a robust and growing range of end-use cases
- Arkon's data centers are local consumers in the physically constrained grids where the renewable electricity is generated, helping more of those projects become viable sooner, and accelerating the global renewable energy transition

Transaction Highlights

- Arkon has successfully raised \$26 million in capital from Sandton Capital Partners, a global credit-oriented asset manager, and participation from JGB Management, an existing lender to Arkon. This investment will support Arkon's strategic growth and international expansion
- The acquisition of the data center facility in Ohio is a significant milestone for Arkon Energy for expanding to the U.S.
- Arkon intends to use the facility for providing server hosting services to institutional-scale clients in the Bitcoin sector, creating a predictable, fixed-income revenue stream
- Arkon has identified several opportunities for expansion in North America and expects the acquisition in Hannibal to be the first of several over the next 12 months

Ohio Site Overview

- The data center in Hannibal, Ohio is designed for a 100 megawatts first stage and 200MW second stage capacity
- Arkon plans to immediately commence completion of facility developments which are already underway at Hannibal to rapidly bring the property to its first stage design capacity of 100 MW
- Expected to add up to 3.3 EH/s of processing power to Arkon's hosted hashrate before the end of 2023
- The site is expected to create rural technology jobs, expand Ohio's electrical customer base, and bring investment to the local community
